
D7: Principal Components (Part 2)

Learning Objectives

1. Understand 24 properties of Part 2 of PCA Notes
2. Figuring out the PC coefficients
3. PCA for 2 variables
4. Examples: Stocks, Apartments, Cereals

Agenda

1. Discuss properties of principal components
2. Focus on:
    a. Derivation of coefficients
    b. Interrelationships
    c. Case of two PCs
    d. Examples: Stocks, Apartments, Cereals

Agenda
